PIGEON SHOOTING PUZZLE

Brown and Jones shot a tie match, each scoring 50 points. For each shot four of the clay pigeons were thrown up simultaneously. For breaking one the shooter scored 1 point. If he broke two it counted 7 points. If three were broken 9 points were scored, and for smashing all four 12 points were allowed. None of Brown's single shots scored the same number of points as any of Jones' single scores. Now, who can tell how many shots they fired? ANSWER TO SIGNBOARD PUZZLE.

When the twelve letters are restored to the signboard the announcement reads as follows: AUCTION SALE OF BUILDING LOTS.
